- The series starts here! Meet Ulysses and Sam for the first time
- Published May 2023
- Shortlisted for the 2024 Lammy for Gay Romance
- Shortlisted for the 2024 Midwest Book Award for Best Fantasy Novel

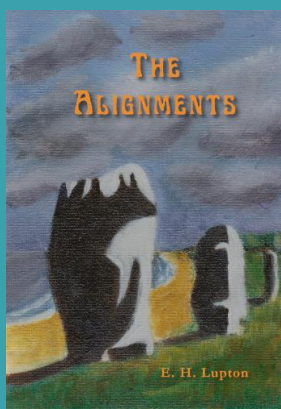

- Book 2! Published January 2024
- Ulysses's ex-girlfriend is back in town and it's not a happy reunion
- Compost zombies
- A musical version of *Macbeth*
- More Mabinogion references than you can shake a stick at (subjective)

- Book 3! Published October 2024
- Ulysses and Sam's new neighbors are a little weird
- Laz is back from Vietnam and definitely suffering no ill effects from that experience
- Spiders
- Contains one of my favorite chapters I've ever written

- Book 4! Published in May 2025
- It's about Laz and a British Jewish neurologist named Eli
- You can read this without having read the other ones
- There's a bunch about art, engineering, and neurology
- Sam and Ulysses are in it as supporting characters
- One of the Fated Mates podcast's best romance novels of 2025! Shortlisted for the Edna Ferber Book Award!

- Sam and Ulysses go on their honeymoon
- Blood magic and a murder investigation around the winter solstice
- Also one (for me) really long sex scene
- Set in Carnac, France
- Published December 2025

- Published April 2026
- Wraps up the main Sam/Ulysses arc
- Oh my gosh, there is a lot of plot in this one
- What happens when you bring maenads to a ~~knife~~ cult fight?

THE WHOLE WIDE WORLD

- Another Laz/Eli book
- Actually pretty scary (I think)
- End of 2026 hopefully
- I'm looking forward to this one
- They go to Singapore!

RISKY BEHAVIOR*

* Title not finalized

- I can't tell you who's in this one without spoiling book 6
- It's my favorite though (right now)
- Set in the early 1990s
- Grumpy/sunshine, angry Scottish man, age gap, friends to lovers, all the best tropes
- Sometime in 2027 if we live that long?
- Can probably also start here w/o having read the others?

PLAYING IT SAFE*

* Title not finalized

- A companion to *Risky Behavior*
- It's the same golden retriever/angry Scottish man couple
- I'm really excited about these two

OLD FASHIONED TROUBLE

- Joint Sam/Ulysses and unnamed-for-spoiler-reasons POV
- Includes a F/NB romance
- Set in San Francisco
- Everywhere you go, you always take the Wisconsin with you
